Subject: Amended Reregistration Label
Product Name: Misty Crawling Insect Killer
EPA Registration Number: 10807-428
Decision Number: 412488

Dear Ms. Watson:

The Agency, in accordance with the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, has completed reviewing all of the information submitted with your application to support the reregistration of the above referenced product in connection with the Pyrethrins RED, and has concluded that your submission is acceptable. The label referred to above, submitted in connection with registration under FIFRA, as amended, is acceptable.

NOTE: This product is **not** yet being reregistered under section 4(g) of FIFRA.

Please note that the record for this product currently contains the Confidential Statements of Formulation (CSFs) listed below. Any previously dated CSFs are superseded.

- Basic CSF, dated 11/21/2014

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

A copy of your label stamped "Accepted" is enclosed. Products shipped after 12 months from the date of this amendment or the next printing of the label, whichever occurs first, must bear the new revised label. Your release for shipment of the product bearing the amended label constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6.

If you have any questions, please contact Jessica Rogala by phone at 703-347-0263, or via email at rogala.jessica@epa.gov.

Sincerely,

A handwritten signature in black ink, appearing to read 'Jennifer Urbanski', with a stylized, cursive script.

Office of Pesticide Programs

MISTY CRAWLING INSECT KILLER

- FOR INDOOR USE ONLY
- Use one of the following two statements with the appropriate section of the label:
 - For Household and Domestic Use
 - For Industrial/Institutional Use

(Note: Above statements are required, the following are optional bullets)

- Broad Spectrum Insect Control
- No Oily Residue
- No Unpleasant Odor
- Water-Based Formula, Non-Staining
- Kills Carbamate and Organophosphate Resistant Cockroaches
- Keeps On Killing German Cockroaches And Houseflies For Up To 3 Months
- Apply in cracks and crevices where pests hide
- Keeps killing German Cockroaches for up to [3] [three] months
- Kills [bugs fast] on contact
- Kills [Ants], [Beetles], [Boxelder Bugs], [Centipedes], [Crickets], [Earwigs], [Firebrats], [Palmetto Bugs] / [Waterbugs], [Silverfish], [Sowbugs], [Spiders], and [Ticks]

ACTIVE INGREDIENTS

Pyrethrins.....	0.10%
Deltamethrin	0.02%
OTHER INGREDIENTS*:	99.88%
TOTAL:	100.00%

*Contains Petroleum Distillate

[PRECAUCION AL CONSUMIDOR: Si usted no lee ingles, no use este producto hasta que la etiqueta le haya sido explicada ampliamente. **(TO THE USER:** If you cannot read English, do not use this product until the label has been fully explained to you.)]

KEEP OUT OF REACH OF CHILDREN

CAUTION

See side [back] panel for additional precautions.

NET WT. 16 OZ. (1 LB.) (454 grams)

(Equivalent to 17.8 Fluid Ounces)

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS & DOMESTIC ANIMALS

CAUTION: Harmful if swallowed. Avoid contact with skin or clothing. Wear long sleeved shirt, long pants, shoes and socks. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove and wash contaminated clothing before reuse.

[NOTE to EPA Reviewer: Boxed and "bulleted" format will be used if label space permits; otherwise a paragraph format will be used.]

FIRST AID

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Do not give **any** liquid to the person. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. **IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. **NOTE TO PHYSICIAN:** May pose an aspiration pneumonia hazard. Contains petroleum distillate. **HOT LINE NUMBER:** Have the product container or label with you when calling a poison control center or doctor, or going for treatment. In case of *Medical* emergencies or health and safety inquiries or in case of fire, leaking or damaged containers, information may be obtained by calling National Poison Control at 1-800-222-1222. [You may also contact 1-877-541-2016 for emergency medical treatment information.]

(Note: Private labels may use own emergency phone number.)

 This section between the dotted lines is for use on Occupational (Industrial/Professional/Commercial) labels and may be omitted when product use is indicated as Residential:

Personal Protective Equipment (PPE):

Mixers, loaders, applicators and other handlers must wear the following: • Long-sleeve shirt • Long pants • Shoes and socks

User Safety Requirements:

Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washables exist, use detergent and hot water. Keep and wash PPE separately from other laundry. Discard clothing and other absorbent materials that have been drenched or heavily contaminated with this product's concentrate. Do not reuse them.

User Safety Recommendations:

- User should wash hands before eating, drinking, chewing gum, using tobacco or using the toilet.
- User should remove clothing/PPE immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.
- User should remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

ENVIRONMENTAL HAZARDS

This product is toxic to aquatic organisms, including fish and invertebrates. Do not apply directly to or near water. Drift and run-off may be hazardous to fish in water adjacent to treated areas. Do not contaminate water when disposing of equipment, washwater, or rinsate.

This product is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are foraging the treatment area.

PHYSICAL HAZARDS

Contents under pressure. Keep away from heat, sparks and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting. Do not apply this product in or on electrical equipment due to the possibility of shock hazard.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Note: Either the Occupational or Residential section below is required appear on the product label.

➤ OCCUPATIONAL:

ENTRY RESTRICTIONS

- Do not allow others to enter the treated area until sprays have dried.

APPLICATION RESTRICTIONS

- Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application.
- Do not wet articles to point of runoff or drip.
- Do not use treated article until spray has dried.
- Remove or cover exposed food and drinking water before application.
- Remove or cover dishes, utensils, food processing equipment, and food preparation surfaces, or wash them before use.
- Do not use in aircraft cabins.
- Do not make space spray applications.
- Do not apply directly into sewers or drains, or to any area like a gutter where drainage to storm sewers, water bodies, or aquatic habitat can occur. Do not allow the product to enter any drain during or after application.

➤ RESIDENTIAL:

ENTRY RESTRICTIONS

- Do not allow adults, children, or pets to enter the treated area until sprays have dried.

APPLICATION RESTRICTIONS

- Do not apply this product in a way that will contact adults, children, or pets, either directly or through drift.
- Remove pets, birds, and cover fish aquariums before spraying.
- Do not wet articles to point of runoff or drip.

- Do not use treated article until spray has dried.
- Remove or cover exposed food and drinking water before application.
- Remove or cover dishes, utensils, food processing equipment, and food preparation surfaces, or wash them before use.
- Do not apply directly into sewers or drains, or to any area like a gutter where drainage to storm sewers, water bodies, or aquatic habitat can occur. Do not allow the product to enter any drain during or after application.

This product works in two ways: 1) it kills listed bugs fast on contact; and 2) its residual action keeps on killing German Cockroaches and Houseflies for up to 3 months after you spray.

SHAKE WELL BEFORE EACH USE. Hold container upright. Do not spray up into air. Apply to surfaces only. Remove protective cap and direct spray away from face. Hold can 12-15 inches from surface being sprayed. Press button down and spray as directed. Test product in an inconspicuous area before applying. Spray surface until slightly wet but not to the point of runoff. Over application may cause damage. This product will not stain surfaces or fabrics where water alone causes no damage.

Permitted areas of use include: basements, bathrooms, boats, campers, clothes storage, condominiums, garages, kitchens, pet sleeping areas, recreational vehicles, storage areas, apartment buildings, cafeterias, crematoriums, day care centers, factories, food/feed areas of food processing plants, food service establishments, food manufacturing and warehousing establishments, hotels, hospitals, industrial plants, jails, kennels, motels, mausoleums, mess halls, morgues, nursing homes, office buildings, other public buildings, pet grooming parlors, prisons, railroad cars, recreational areas, restaurants, schools, ships, supermarkets, taverns, theaters, trailers, trains, transportation vehicles, trucks, truck trailers, utility rooms, warehouses, washrooms and zoos.

Food/Feed Handling Establishments: For control of all labeled pests, applications are permitted in the food/feed areas of food/feed handling and processing establishments as a general surface, spot or crack and crevice treatment. Do not apply as a space spray. Do not apply in the food/feed handling areas of the facility when the facility is in operation or foods/feeds are exposed. Do not apply directly to food/feed products. Cover or remove all food/feed processing and/or handling equipment prior to application. After application in food/feed processing plants, cafeterias and similar facilities, wash all equipment, benches, shelving and other surfaces that will contact food or feed. After application in bakeries, clean all food contact surfaces with appropriate equipment.

Food/feed handling establishments are defined as places other than private residences in which exposed food/feed is held, processed, prepared or served. Included also are areas for receiving, storing, packing (canning, bottling, wrapping, boxing), preparing, edible waste storage and enclosed processing systems (mills, dairies, edible oils, syrups) of food/feed. Serving areas where food/feed is exposed and the facility is in operation are also considered food/feed areas.

Non-food/non-feed areas include garbage rooms, lavatories, floor drains (to sewers), entries and vestibules, offices, locker rooms, machine rooms, boiler rooms, mop closets and storage (after packaging, canning or bottling). All areas that insects inhabit or through which insects may enter should be treated.

INDOORS:

Cockroaches including adult and immature stages of both non-resistant and organophosphate and carbamate resistant strains, **ants, boxelder bugs, centipedes, crickets, beetles, firebrats, fleas, palmetto bugs/waterbugs, sowbugs** and

ticks: Apply as a general surface, spot or crack & crevice treatment to all areas where these pests crawl and hide, especially in cracks and crevices, hidden areas around sinks and storage areas, behind baseboards, around doors and windows, behind and under refrigerators, cabinets, sinks and stoves, the underside of shelves, drawers, bookcases, and similar areas. When pests are driven out, spray directly. Repeat after 4 weeks or if re-infestation occurs. **Ants:** Spray around ant trails, doors and windows and other places where ants enter the house. Repeat after 4 weeks or if re-infested occurs. **Carpenter Ants:** For effective control, locate and treat nests and surrounding areas. Apply around doors and windows and other places where ants enter premises and where they crawl and hide. Spray into infested wood through existing openings. Repeat after 4 weeks or if re-infestation occurs. **Ticks (including ticks which may carry Lyme disease) and Fleas on Surfaces:** Remove pet bedding and destroy or clean thoroughly. Spray pet resting quarters. Adult fleas contacted by spray will be killed. Put fresh bedding down once spray has dried. Do not spray animals directly. For best results, pets should be treated with an appropriate flea and/or tick control product registered for use on pets before allowing them to return to treated area. Spray rugs and carpets where infestations are bad. Delicate fabrics should be tested for staining in an inconspicuous area prior to use. Repeat after 2-4 weeks or if re-infestation occurs. **Spiders:** Apply along and behind baseboards, to window and door frames, corners, pipes, storage localities, attics, crawl spaces and into other areas where these pests are found. **Centipedes, Ground Beetles, Pillbugs, Sowbugs, Scorpions and Ticks:** Apply around doors and windows, baseboards, storage areas and other locations where these pests are found.

SILVERFISH, CRICKETS, SPIDERS, EARWIGS: Apply to areas where these pests are found. **PANTRY PESTS - Beetles, Moths, Weevils, Flour Beetles (Red & Confused), Grain Beetles (Rusty, Merchant and sawtoothed), Chocolate Moths, Indian Meal Moths, Angoumois Grain Moths, Mediterranean Flour Moths, Cigarette Beetles, Drugstore Beetles, Rice Weevils, Lesser Grain Borers, Spider Beetles, Grain Mites and Tobacco Moths:** Treat exposed stages. Remove all foodstuffs, utensils and shelf paper from area to be treated. Discard used shelf paper and

any infested foodstuffs. Apply spray to shelves and in cracks and crevices behind and under cupboards and cabinets. Allow spray to dry prior to replacement of shelf paper, food utensils. Repeat if re-infestation occurs. **Carpet Beetles (Black, Furniture and Varied)** and **Dermestid beetles (Hide/Larder/Leather)**: Spray on and under edges of floor coverings, under rugs and furniture and in closets or other localities where these insects are found. Fabrics should be tested for staining in an inconspicuous area prior to use. Repeat if re-infestation occurs. **Webbing or Clothes Moths**: Use this product as a crack and crevice treatment in closets and other storage areas where these pests are found. This will not control moth larvae already on clothes. Do not apply to clothing. Repeat if re-infestation occurs.

[NOTE to EPA Reviewer: Boxed and "bulleted" format will be used if label space permits; otherwise a paragraph format will be used.]

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage and disposal.

STORAGE: Store in a cool, dry area away from children and pets and away from heat, sparks and open flame. Do not transport or store below 32°F.

PESTICIDE DISPOSAL AND CONTAINER HANDLING: Do Not Puncture or Incinerate! **If empty:** Place in trash or offer for recycling, if available. **If partly filled:** Call your local solid waste agency for disposal instructions.
